

## Terms and Conditions - Agricultural Lighting Incentives

**Program Offer:** The Program covers products purchased and/or services rendered on or after **January 1, 2016**.

### Program Requirements:

1. Compact Fluorescent lamp and fixtures must be ENERGY STAR® qualified products and listed on the ENERGY STAR website.
2. LED lamps and fixtures must be either ENERGY STAR or DesignLights Consortium qualified products and listed on their respective websites.
3. LED fixtures include hard-wired fixtures and recessed cans without screw-in adapter assemblies.
4. High bay fluorescent T8/T5 fixtures must be new fixtures with electronic ballasts and mounted at a minimum of 15 feet (distance from floor to lamp surface).
5. Fluorescent troffer fixture retrofits must include the replacement of four foot T12 or T8 lamps with CEE qualified High Performance/Reduced Wattage T8 lamps or DLC rated LED lamps. If installing T8 lamps, the fixture must have an electronic ballast (if not, the retrofit must also include a new electronic ballast).
6. High Performance T8 systems use 32 Watt lamps and Reduced Wattage T8 systems use 28 or 25 Watt lamps.
7. LED replacements for fluorescent lamps must be DLC rated and the type of fixtures being retrofitted must be identified. LED replacements must be a one for one replacement of the T12 or T8 lamps identified.
8. High Performance T8 and Reduced Wattage T8 lamps must be listed on the Consortium for Energy Efficiency's most recent Qualified Commercial Lighting Product List posted at: <http://library.cee1.org/content/commercial-lighting-qualifying-products-lists>.
9. Replacement and retrofitted fixtures must have a lower wattage than the original fixture.
10. A copy of sales invoice must be provided to the Utility. For retrofit applications, proof of purchase must be provided for the necessary number of lamps as indicated by the fixture type on the rebate form.
11. If applicant intends to install equipment at more than one location served by the Utility, separate forms must be completed for each location.
12. TOTAL REBATE SHALL NOT EXCEED 50% OF INSTALLED COSTS.
13. A MAXIMUM REBATE payment from the Utility may be applied to your rebate request. For projects where you expect the incentive to exceed \$5,000, you should contact the Utility for pre-approval prior to installing.
14. Custom rebates may be available for special applications and larger projects with pre-approval.
15. Outdoor fixtures must replace or install entire fixture with appropriate ballast (no lamp or bulb replacements).
16. Outdoor lighting must be on from dusk to dawn and controlled by an automatic photocell sensor (cannot be wired to a motion sensor or manual switch).
17. Outdoor lights and lighting used in non-heated buildings must have cold start ballast rated down to -20 deg. F.
18. Outdoor induction lights must be pre-approved by the Utility.
19. For livestock buildings and other areas where lighting may be exposed to a corrosive environment, use the following:
  - Dust and moisture tight nonmetallic fixtures with shatterproof, vapor tight globes.
  - Fixtures with corrosion-resistant materials and gasketed covers.
  - Fiberglass or aluminum enclosures and Lexan® covers. Don't use fixtures with ABS plastic or acrylic diffusers where chemicals and high pressure hot water cleaning and sanitizing systems are used.

### ENERGY STAR Verification:

ENERGY STAR qualification can be verified by one of the following:

1. Provide cutout of package showing ENERGY STAR logo, product type and model.
2. Provide cutout of UPC symbol and model number from product package and a printout from the ENERGY STAR website confirming that model's qualification.
3. Provide model number of product and qualification will be determined by the Utility. ENERGY STAR listings can be found at: [www.energystar.gov](http://www.energystar.gov).

### DesignLights Consortium (DLC) Qualification:

To determine if a product is qualified through the DesignLights Consortium, search the DLC Qualified Product List for the specific model number at [www.designlights.org](http://www.designlights.org). Member should provide a printout to the Cooperative showing their product from this listing.

### General Terms and Conditions

The Cooperative must supply all electricity to the equipment for which the rebate is being paid.

**Application Information:** Missing or incorrect information on the application may delay processing and delivery of the rebate. An invoice is required and should include specific product information, including the brand, model, serial number and date of purchase of the energy efficient measures. Other information including manufacturer's equipment performance sheets may be required upon request.

The Cooperative reserves the right to verify sales transactions and to have reasonable access to the Member's facility to inspect pre-existing equipment (if applicable) and energy efficient measures installed under this program.

**Warranty Information:** The Cooperative makes no warranties, expressed or implied, with respect to equipment operation, material, workmanship or manufacturing. The Cooperative does not guarantee that a certain level of energy or cost savings will result from the use of products covered by this program.

**Limitation of Liability:** The Cooperative's liability in connection with this program is limited to paying the rebate specified when all terms and conditions have been satisfied. Under no circumstances shall the Cooperative be liable for any consequential or incidental damages or tax liability resulting from participation in this program.

**Participant Certification:** Participating Member certifies that he/she purchased and installed the equipment listed on their application at the defined location served by the Cooperative. The Member agrees that all information provided is true and that he/she has conformed to all program requirements. If the equipment and application does not comply with the Cooperative's rules and qualifications, the rebate amount may be denied or adjusted.

**Program Changes/Termination:** The Cooperative reserves the right to extend, modify (including incentive levels) or terminate this Program at any time without prior or further notice. The Member is responsible for checking with the Cooperative to determine whether the program has been changed or is still in effect.

**Members must apply for rebates within six (6) months of the purchase date (as shown on the Member's invoice).** Past eligibility, however, does not guarantee that equipment will meet criteria for current programs in effect.

## Agricultural Lighting Incentives

### REBATE TABLE

Use the lighting Product Codes from these tables to complete the lighting equipment section and determine the eligible rebate amounts.

NOTE: Be careful to apply the correct rebate amounts for your application (retrofit or added/new equipment).

INDOOR LIGHTING EQUIPMENT		REBATE AMOUNT			PRODUCT CODES		
<b>LINEAR TROFFER TYPE FIXTURES</b>		<b>High Performance T8**</b>	<b>Reduced Wattage T8**</b>	<b>LED Tubes (DLC Qualified)</b>	<b>High Performance T8**</b>	<b>Reduced Wattage T8**</b>	<b>LED Tubes (DLC Qualified)</b>
T12/T8 Fixture <u>Retrofits Only</u>	4' x 1 lamp	\$2	\$4	\$4	HP141	RW141	LED41
	4' x 2 lamp	\$4	\$8	\$8	HP142	RW142	LED42
	4' x 3 lamp	\$6	\$12	\$12	HP143	RW143	LED43
	4' x 4 lamp	\$8	\$16	\$16	HP144	RW144	LED44
<b>HIGH BAY LINEAR FLUORESCENT FIXTURES</b>		<b>HID Replacement</b>	<b>New Construction* or non-HID Replacement</b>		<b>T8 Fixture Codes</b>	<b>T5 Fixture Codes</b>	
T8 or T5 tube with High Output ballasts (15' minimum mounting height)	4' x 2 lamp	\$30	\$16		142HB	242HB	
	4' x 3 lamp	\$45	\$24		143HB	243HB	
	4' x 4 lamp	\$60	\$32		144HB	244HB	
	4' x 5 lamp	\$75	\$40		145HB	245HB	
	4' x 6 lamp	\$90	\$48		146HB	246HB	
	4' x 7 lamp	\$105	\$56		147HB	247HB	
	4' x 8 lamp	\$120	\$64		148HB	248HB	
<b>OTHER FIXTURES</b>		<b>Replacement Equipment</b>	<b>New Construction*</b>		<b>PRODUCT CODES</b>		
Pulse Start Metal Halide Fixtures (replacing higher wattage fixtures)	100-249 Watts	\$10	N/A		MH1B		
	250+ Watts	\$20	N/A		MH2B		
ENERGY STAR® CFL Fixtures (Hard-wired)		\$15			HWC		
LED Fixtures - non-troffer type (ENERGY STAR or DesignLights Qualified)	8-49 Watts	\$15			LED10		
	50-99 Watts	\$25			LED50		
	100 Watts or more	\$40			LED100		
<b>LAMPS AND OTHER LIGHTING PRODUCTS</b>		<b>Replacement Equipment</b>	<b>New Construction*</b>		<b>PRODUCT CODES</b>		
ENERGY STAR CFL Lamps (self-ballast/screw-in, 9 W min.)		\$2 / lamp	\$1 / lamp		CFL		
Metal Halide Lamps (320-360W replacing 400W)		\$6 / lamp	N/A		MHR		
LED Exit Signs		\$5 / lamp	N/A		EXIT		
LED Lamps (Screw-based lamp, 8 Watt minimum)		\$8			LED		
Occupancy sensors (Wall, ceiling or fixture mount)		\$15			OS		
<b>Custom lighting application (LED Hi-bays, daylighting, etc.)</b>		Custom rebate available upon approval					
<b>OUTDOOR LIGHTING FIXTURES</b>		<b>REBATE AMOUNT</b>			<b>PRODUCT CODES</b>		
		<b>Replacement Equipment</b>	<b>New Construction*</b>				
High-Pressure Sodium (lower wattage)	100 Watts or more	\$10	N/A		HPS1		
Compact Fluorescent		26 Watts or more			\$15		
DLC or ENERGY STAR Qualified LED or Utility Approved Induction	20 to 34 Watts	\$15			LED1		
	35 to 49 Watts	\$20			LED2		
	50 to 74 Watts	\$40			LED3		
Utility Approved Induction	75 to 124 Watts	\$50			LED4		
	125 Watts or more	\$60			LED5		

\*Includes lighting for new buildings and additional (non-replacement) lighting capacity to existing and expanded facilities.

\*\*High Performance T8 and Reduced Wattage T8 lamps must be listed by Consortium for Energy Efficiency as a Qualifying Product.

**Supplemental Form**

ATTACH TO MAIN APPLICATION: Only use if the main rebate application is completely filled.

**Agricultural Lighting Incentives**

Company	Account Number	Date
---------	----------------	------

New Lighting Equipment							Equipment Replaced (Required for Retrofits)	
Product Code <small>See Rebate Table</small>	Model Number <small>(valid model required)</small>	TOTAL* Watts Installed	Hours On Per Week	Quantity	Rebate Per Unit	Total Rebate	Description of old equipment - include fixture (length, # lamps), lamp (T12, T8), ballast (electronic, magnetic) info and quantity.
